

Every year, an unacceptably high number of people get harmed due to unsafe and poor-quality health care.

Unsafe medication practices and medication errors are a leading cause of injury and avoidable harm in health care systems across the world.

The International Alliance of Patients' Organizations (IAPO) and Patient Academy for Innovation and Research (PAIR) in partnership with Dakshama Health are organizing the 4th webinar of the medication without harm webinar series, on June 18th, 2022, from 11:30 to 12:30 GMT.

Theme: "Importance of Systems and Safe Medication Practices for patient safety"
